

AnnaSpirit - DOM Cheat Sheet

Selecting Elements

```
document.getElementById('id');  
document.querySelector('.class');  
document.querySelectorAll('.class');
```

Modifying Content

```
element.textContent = 'Hello';  
element.innerHTML = 'Hello';
```

Attributes

```
element.getAttribute('href');  
element.setAttribute('href', 'https://example.com');  
element.removeAttribute('disabled');
```

Classes

```
element.classList.add('active');  
element.classList.remove('active');  
element.classList.toggle('active');  
element.classList.contains('active');
```

Styles

```
element.style.color = 'red';  
element.style.backgroundColor = 'blue';
```

Create & Remove

```
const newDiv = document.createElement('div');  
parent.append(newDiv);  
element.remove();
```

Events

```
element.addEventListener('click', function() {  
  console.log('Clicked!');  
});
```
